- Battery voltage: 1.5 V
- · Mains power
- Number of batteries: 6
- · Battery type: LR6

Accessories

- Included Accessories: User Manual, Warranty certificate, AC-DC Adapter
- · Quick start guide: English

Dimensions

- Packaging dimensions (W \times H \times D): 317 \times 133 \times 90 mm
- Product dimensions (W \times H \times D): 200 \times 104 \times 45 mm
- Weight: 0.65 kg
- Weight incl. Packaging: 0.884 kg

Highlights

Clear, crackle-free DAB radio

DAB (Digital Audio Broadcasting) digital radio is a new way of broadcasting radio, in addition to FM analogue transmission, via a network of terrestrial transmitters. It provides listeners with more choices and information delivered in clear and crackle-free sound quality. The technology allows the receiver to lock on to the strongest signal it can find. With DAB digital stations there are no frequencies to remember, and sets are tuned by station name, so there is no retuning on the move.
